MEMORANDUM FOR THE DIRECTOR

(For your conversations with [REDACTED])

SUBJECT: Deficiencies in Collection of Scientific and Other  
Information in Occupied Areas

25X1A9A

1. As you will recall from [REDACTED] memorandum of August 15th about his recent visit to [REDACTED] and from ORR's and OCD's interest in the above subject, the collection and flow of unevaluated scientific information and other information can be greatly improved from overseas places, particularly the Occupied Zones.

2. With reference to the State Department's new role in the government of [REDACTED] and to the assignment there of additional State Department personnel:-

a. Will the procedures which are now being drafted remedy the situation in the Occupied Zone so that much of the scientific, technological and other data there will not remain unexploited?

b. Has the State Department made progress towards setting up scientific attaches in accordance with the provisions of NSCID 10, and will this embrace Occupied Areas and the exploitation there of defectors and other aliens?
